Author Guidelines

Manuscripts should be submitted electronically to info@harjournal.com, both in Microsoft Word (doc, docx, rtf) and pdf format. We accept manuscripts in English and German. Non-native speakers must have their text vetted by a native speaker before submission. The manuscript should include the title, the author's name, affiliation and e-mail address, text with footnotes, list of works cited, figure captions, 3–5 keywords, and an abstract in English (100–200 words). It should be typed single-spaced in 12-point Times New Roman or Semiramis font without any additional formatting, e.g. paragraph indenting, page breaks, page numbering, etc. Any special fonts used for characters that cannot be produced with the above fonts must be submitted electronically together with the manuscript. Abbreviations of text editions should follow the system of the [RIA](#). Tables, plates, and figures should not be embedded in the text, but submitted as separate files.

1. Notes

HAR does not use in-text citation. Notes (including the references) should be formatted as footnotes, not as endnotes. References in footnotes should consist of the author's last name, the year of publication, and the relevant inclusive pages, figures, plates, etc. Do not use abbreviations such as *op. cit.*, *loc. cit.*, *ibid*, *idem*, *passim*, *infra*, *supra* or vague page ranges (e.g., 125f. or 125ff.). Since page numbers are rarely available in the case of online publications, use any available structuring element (e.g., §16, s.v., etc.), if applicable.

1.1. References

Single work cited¹

Multiple works cited, separated by semicolons²

Multiple references to the same author, separated by semicolons. Use alphabetical suffixes for publications by the same author in one year such as 2009a, 2009b, etc.³

Two authors⁴

In the case of three or more authors, use *et al.*⁵

2. Bibliography

The manuscripts should close with a list of works cited, in alphabetical order by the last name of the first author according to the conventions of the manuscript's language. If the name's initial letter does not exist in the alphabet of the manuscript's language, the name should be placed after the end of the base letter (e.g. Çoşkun should stand after names starting with C). Authors' and editors' first names should be given as initials adapted to the orthography (i.e. "Th." for Thomas, etc.). Name suffixes such as "Jr.", "IV" should be omitted. Unlike in the references, all authors of an article should be listed. Titles of journals and series should not be abbreviated, but given in full. Collective works with more than three articles cited should be included in the bibliography as individual titles. Do not give dates of reprints, but rather supply the original date of publication. Edition information should appear in upper index preceding the year (e.g. ²2007), editions

¹ Radner 2013, 443.

² Radner 2013, 445–447, fig. 22.1–22.2; Fales 2001.

³ Radner 2008; 2009a, 181, 190; 2009b.

⁴ Radner – van Koppen 2009, 95–101.

⁵ Radner *et al.* 2014, 141–145, 147–151.

without numbering (“Revised Edition”, etc.) should be supplied after the title. If the real year of publication is significantly different from the official year of publication, you may wish to add the real year in square brackets, e.g. “(2013) [2015]”. Volume information should consist only of the number of the volume (without any abbreviations as “Vol. 2.”). In the case of online publications without a recognizable date, use “(online)” instead of the year and place it after the author’s publications with a known date. Please ensure that all references listed in the bibliography are cited in the text and that all cited works are included in the bibliography. In case of uncertainty, consult the journal’s last issue or contact the editors. The manuscript will be returned to the author if significant reformatting of the references is required.

We accept digital images in colour or grayscale: tiff format of at least 300 dpi resolution is recommended. We accept charts in separate, editable formats only and not as tiff or jpeg files. The file name of any digital image and chart should consist of the author's last name and the figure number (e.g. Kramer_Fig1.tiff).
